

Snap Practice

Make the Sprite Move

- Step is a very small (unspecified) distance

Draw a Square

- “pen down” must be used in order to draw lines

The forever loop

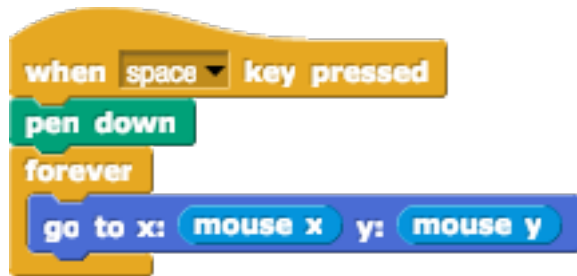

- Repeats anything inside of the block until the script is manually stopped
- The above script makes the sprite say “Hello!” till it is stopped

Follow the Mouse

Follow the Mouse

Leaves a trailing line behind the mouse

Follow the Mouse

Sprite goes the opposite direction of the mouse
